The urology program at Children’s Hospital of Richmond at VCU (CHoR) provides care for children with acute and chronic urologic issues.

The program focuses on:
- Diagnosis and treatment of congenital genitourinary anomalies
- Improvement of urologic function
- Maintenance of a healthy urinary system

**Services Provided**
Reasons for evaluation include, but are not limited to:
- Antenatal hydronephrosis
- Bedwetting
- Dysfunctional voiding
- Hydrocele
- Neurogenic bladder due to spina bifida or spinal cord injury
- Penile anomalies including hypospadias
- Posterior urethral valves
- Recurrent urinary tract infections
- Undescended testis
- Urinary incontinence
- Urinary tract obstruction
- Vesicoureteral reflux

**Diagnosis and Treatment**
Testing and treatment options are individualized to meet the medical and developmental needs of the child and their family. We offer a full range of diagnostic and treatment options including:
- Biofeedback
- Bladder re-training
- Nuclear medicine studies
- Ultrasound
- Urine studies and hematologic evaluation
- Urodynamics with fluoroscopy
- Voiding cystourethrogram (VCUG)

If conservative management and surveillance are not the best option, a surgical approach is considered. The team strives to use minimally invasive or robotic techniques whenever possible to improve surgical outcomes and recovery time.

**Multidisciplinary Approach**
The urology team works in close collaboration with CHoR’s Division of Nephrology to provide comprehensive treatment of urologic renal diseases. The team also meets the complex needs of children with spina bifida through a multidisciplinary clinic involving urology, physical medicine and rehabilitation, neurosurgery, orthopaedics and physical therapy.

**Locations and Appointments**
Appointments: 804.828.9331
Fax: 804.828.2307

**MCV Campus**
Nelson Clinic, 3rd floor
401 North 11th Street, Suite 320
Richmond, VA 23219

**VCU Medical Center at Stony Point**
9000 Stony Point Parkway, Suite 2100
Richmond, VA 23235

**Brook Road Campus** (Spina Bifida Clinic only)
2924 Brook Road
Richmond, VA 23220

**Patient/Family Education**
